

New Chamber Opera

A COVID note on the show

In order to comply with COVID-19 rules, audience members will notice some differences in the production.

- 1) The space is arranged in Theatre style rather than our usual Traverse, and the seating numbers have been substantially reduced.
- 2) The minimum distance from the front row to the 'apron' of the stage area is set at 3 metres.
- 3) The singers are operating a one-way entry-exit system to avoid passing each other.
- 4) The singers will walk through the audience but will not sing (as they have done in the past!)
- 5) We ask that under no circumstances you come into the stage space.
